6. Agenda Topic 6 – DISCUSSION OF GOALS FOR 2021		
Summary	City council received the SAB proposal for sustainability staff person, and this should be a priority for SAB to lobby for.	
Discussion	One goal should be to become a member of the Clean Cities Coalition . Lobbying councilors should include work session with council, meeting individually, letters and emails, write newspaper articles, post on social media sites, contact city manager Jerry Gabrielatos and attend and comment at public city meetings. Helps to have community discussions so city council continually hears about sustainability concerns. Use fact-based approach to convince community. Sustainability and equity conversation is needed. Collect discussion points for work session with council. Get info from local cities who have a sustainability staff person. Conduct scientific community attitude surveys.	
7. Agenda Topic 7 - WEBSITE		
Summary	Get input from all SAB members. Send topics to Terry to compile rough draft.
